Agreement Disclosure Statement
A. INFORMATION BOX

Initial Credit Limit	**$2,000.00**
Annual Interest Rate or Rates	Annual interest rates are in effect on the day the account is opened (whether or not a card is activated). Promotional rate of **7.99%** on purchases will apply on your first **6** monthly statements. The promotional rate(s) will increase to the interest rate(s) that apply for that type of transaction, as identified below, following the expiry of the promotional period. Purchases: **19.99%** Cash advances**, balance transfers and *Scotia*® Credit Card Cheques: **22.99%** Your preferred annual interest rates will increase to standard rates of **24.99%** on purchases and **27.99%** on cash advances, balance transfers and *Scotia* Credit Card Cheques if you do not make your minimum payment by the payment due date **2** or more times in any **12** month period. This will take effect in the third statement period following the missed payment that caused the rates to increase. These rates will remain in effect until you make your minimum payments by the payment due date for **12** consecutive months.
Interest-free Grace Period	**21 days** You will benefit from an interest-free grace period of at least **21** days for new purchases* if you pay off your balance on your monthly statement in full by the payment due date. This grace period will be automatically extended to at least **25** days on your next monthly statement whenever you do not pay your balance in full by the payment due date. Upon paying your balance in full by the payment due date, this grace period will revert back to at least **21** days on your next monthly statement. There is no interest-free grace period for cash advances, balance transfers and *Scotia* Credit Card Cheques.
Determination of Interest	If interest is charged, it is calculated **daily**, but we only add it to your debt **once a month** on the last day of the statement period. We calculate the amount of daily interest by adding any new advances and subtracting any payment and then multiplying the unpaid balance of the debt on which interest is payable by the applicable annual interest rate, then dividing by **365** or **366** in a leap year. Interest is charged on a leap day in a leap year. Interest is charged at the rate applicable under the credit agreement both before and after the final payment date, maturity, default and judgment, until the account has been paid off in full.
Minimum Payment	**Interest Charges + Fees + $10.00 plus any overdue or overlimit amount.** Your minimum payment will include Interest Charges on your monthly statement, plus cash advance fee(s), plus any dishonoured payment fees, plus any dishonoured *Scotia* Credit Card Cheque fees, plus **$10.00**. In addition, amounts showing on your monthly statement as OVERDUE or OVERLIMIT must be paid immediately and will be added to the minimum payment.
Foreign Currency Conversion	**2.50%** Transactions made in a foreign currency will be converted and posted to your account in Canadian currency. The exchange rate is determined by Visa Inc. on our behalf on the date that the transaction is settled with Visa Inc. This exchange rate may be different from the rate in effect on the transaction date. When the transaction is posted to your account, in addition to the exchange rate, you will be charged a foreign currency conversion mark-up equal to **2.50%** for each foreign currency transaction. The mark-up applies to both debit and credit transactions. For account payments and *Scotia* Credit Card Cheques, the exchange rate will be the posted rate charged to customers at any branch of The Bank of Nova Scotia on the date the transaction occurs. For any reversal of these transactions, the exchange rate will be determined in the same manner as of the date that the transaction is reversed.

Monthly statements are only prepared on business days, so the time between statements will vary depending on the number of business days in the month. We will send a statement, on a regular periodic basis, at least once a month. If your account goes into default and we demand the balance in full, we will no longer send monthly statements. However, interest will continue to accrue on your account.

If you have applied for *Scotia*® Credit Card Protection, please refer to the Application, Certificate of Insurance and Distribution Guide (Quebec) for insurance coverage details, including how to cancel coverage.

The minimum payment does not include premiums for this optional product. The premiums will be shown on the next statement after they are charged to your account.

If your cheques are lost or stolen, you will also be liable for any unauthorized activity until you advise us of the loss of your cheques or the unauthorized activity.
